SUMMARY

MERN stack developer and software engineer with a strong competitive programming foundation (750+ problems solved on LeetCode and CodeChef). Experienced in building and deploying full-stack applications using React.js, Node.js, and Spring Boot, including an ATS resume-scoring platform with AI-integrated features. AWS Cloud Practitioner certified, with additional exposure to software engineering and cybersecurity through JPMorgan Chase and Tata industry simulations. Also a proud NCC cadet recognized for discipline and consistent execution under pressure.

EDUCATION

B.Tech in Computer Science and Engineering (AKTU) *Aug 2024 – Jul 2028*
ABES Engineering College *CGPA: 8.4*

Class XII (CBSE) *2023*
Einstein Public School *83.5%*

Class X (CBSE) *2022*
Einstein Public School *93.4%*

TECHNICAL SKILLS

Languages: Java, C++, JavaScript, HTML/CSS
Backend: Spring Boot (REST APIs, CRUD applications), Node.js
Frontend: React.js, Tailwind CSS, HTML/CSS
Cloud & Database: AWS (Cloud Practitioner), MongoDB
Tools & Platforms: Git, GitHub, VS Code, Vercel, Render

PROJECTS

Pratibhapath — AI Resume Analyzer | React.js, Spring Boot, REST API
pratibha-path-jswa.vercel.app
- Engineered a full-stack resume analysis platform with an ATS scoring engine that evaluates resumes against job requirements
- Implemented an in-app resume editing module allowing users to update and re-score their resume in real time
- Designed a React.js frontend integrated with a Spring Boot REST API backend; deployed live on Vercel
- Integrated an AI-powered suggestion feature to enhance resume content

Budget Planner App | HTML, CSS, JavaScript
palak4244.github.io/Budget-Planner
- Built a responsive frontend application to track income, expenses, and monthly budgets
- Implemented dynamic UI components and real-time budget calculations using HTML, CSS and JavaScript
- Deployed and hosted the application via GitHub Pages for public access

EXPERIENCE

Software Engineering Job Simulation *2026*
JPMorgan Chase & Co. (via Forage) — View credential
- Gained hands-on exposure to core software engineering practices through a JPMorgan Chase virtual simulation

Cybersecurity Analyst Job Simulation *2026*
Tata Group (via Forage) — View credential
- Explored cybersecurity analysis fundamentals through a Tata Group virtual simulation program

ACHIEVEMENTS

- Solved 750+ Data Structures & Algorithms problems across LeetCode and CodeChef
- Solved 150+ problems on LeetCode; regular participant in Biweekly Contests
- Earned a 2-Star rating (1505) and Gold Badge in DSA on CodeChef; solved 600+ problems
- Selected for Pragati Cohort 9.0, Infosys Springboard

CERTIFICATIONS

AWS Cloud Practitioner Essentials *2026*
Amazon Web Services (AWS Training & Certification) — View credential

Blockchain and its Applications *2026*
NPTEL, IIT Kharagpur — View credential

EXTRACURRICULAR

NCC Cadet
National Cadet Corps
- Recognized for discipline and consistent execution under pressure
- Selected in Top 5 in Obstacle Training for TSC Camp

Athletics
- Won Silver Medal in the 200m Race at AKTU Zonal Sports Meet 2025; earned multiple Gold and Silver medals in intercollege and other athletics competitions
